1809 Riverchase Drive, STE. 36009
Hoover, Alabama 35244
[2025 Line Sheet](#)

 <p>AL, AR, GA, MS, LA, TN, KY, FL*</p>	<p>Modular Connections: www.modularconnections.com Prefab Concrete Building Systems – Substation Control Houses & Decorative Wall Systems – Drop-in/Turnkey Capabilities – Generation Equip./Chem. Storage Bldgs. – Comm. Shelters – Restroom Bldgs. – Storm Shelters – Fire Walls – Std. LVL 4 Ballistic Rated (up to LVL 10) – 150mph Wind Rated as Std. (up to 250mph) – RF/EMP Protection Available</p>
 <p>THE EASTERN SPECIALTY COMPANY</p> <p>AL, MS, GA, LA, FL*</p>	<p>TESCO: THE EASTERN SPECIALTY COMPANY www.tescometering.com Field Test Equipment – Meter Shop Equipment – Meter Seals – Jumpers & Jumper Covers – Test Switches, Enclosures & Tran-sockets – Safety Equipment – Metering Software – Meter Lab Equipment & Services</p>
 <p>AL, MS, GA, LA, FL*</p>	<p>NightHawk: Adaptiv Scalable AMI www.tescometering.com Next Generation AMI Solution – Smart Devices – Cloud Software – Data Transfer – Worry Free/Secure Communications – Advanced Metering Features – Remote Connect/Disconnect – Prepay Metering – Data Collection – Instant Outage/Restoration Alerts Nighthawk DirectConnect is direct connection to your AMI system or NightHawk zero-infrastructure AMI. It is a “plug and play” under-glass cellular modem for the kV2c meter and seamlessly integrates with interfaces such as MV-90, Aclara MeterMate, Trilliant PrimeRead, and Trilliant UnitySuite. DirectConnect provides a robust, secure, and efficient bidirectional message delivery mechanism running over LTE.</p>
 <p>AL, MS*</p>	<p>RITZ Instrument Transformers: www.ritzusa.com High Voltage CVTs (up to 550kV) CTs (up to 230kV) – Medium Voltage CTs and VTs (up to 245kV) – Low Voltage VTs (600V) – 15/25kV Voltage Sensors – Solid Insulated Bus Bars (up to 36 kV) – Cast Resin Power Transformers, GVTs (up to 25MVA)</p>
 <p>AL, AR, GA, MS, LA, FL*</p>	<p>QEI Automation Solutions: www.qeiinc.com QEI offers comprehensive generation and distribution automation solutions through hardware, software and service offerings enabling utilities and transits to modernize current infrastructures. QConnect is designed to provide utilities with a seamless, comprehensive solution for managing and optimizing utility operations. This state-of-the-art software solution integrates multiple modules for ADMS, SCADA, and other functionalities into a single, cohesive platform, enabling enhanced control, efficiency, and reliability across utility networks.</p>

 <p>SAE TOWERS AL, GA, MS, LA, TN, AR, KY, MO</p>	<p>SAE Towers: www.saetowers.com Transmission Poles up to 500kV – Light Duty (LD) Pre-Engineered Steel Poles, Direct-Embed/Wood Pole Replacements – Substation Structures, Lattice, Tubular & Wide-Flange Steel – Telecomm Towers – Transmission Line Hardware – HV Transmission Structure Engineering & Testing</p>
 <p>ESTEX AL, MS Power</p>	<p>ESTEX Manufacturing Company: www.estexmfg.com Utility Tool Accessories – Personal Protective Equipment – High Visibility Safety Products – Traffic & Work Zone Safety Products – PPE Bags – Aerial Tool Aprons, Aerial Hooks, Hardware & Straps – Splicers Tool Buckets</p>
 <p>HARDCRAFT AL, GA, MS, LA, TN, AR, KY, FL*</p>	<p>HARDCRAFT: www.hardcraft.com Unique Seismic Relay Rack Systems – Premium NEMA Enclosures – XFMR Enclosures – Wall Mounted Swing Racks – Modular 19” Relay Racks – Face to Face Racks – Retrofit Kits for Existing Control Rooms – Custom Solutions</p>
<p>SorbWeb™ Plus Secondary Oil Containment System by Albarrie AL, GA, MS, LA, TN, AR, KY, FL*</p>	<p>SorbWeb Plus: www.albarrie.com/secondary-containment Secondary Oil Spill Containment Systems for Substations, Generation Plants & Dams – Oil Blocker Fabric – Multi-layered/Below Grade Systems– Q-MAX Hydrocarbon Filter (360µ Filtration) – Highest Flow Rate in Market</p>
 <p>Exponential POWER AL, GA, MS, TN, KY, FL*</p>	<p>Exponential Power: www.exponentialpower.com Stationary Batteries for Transmission Equipment – Lead Acid, VRLA and Ni-Cad (up to 3585AH) – Lead Selenium Tubular Plate Technology – Active Battery Monitoring System (Equa-link) – Regulates Float Charging Voltage – Increases Reliability & Extends Battery Life – Meets NERC Requirements</p>
 <p>efacec AL, GA, MS, LA, TN, AR, FL*</p>	<p>Efacec Power Transformers: www.efacec.pt/en/ Large Shell Form Transformers Up To 1500MVA, 525kV, (BIL 1675kV) – Core Type Power Transformers Up To 350MVA, 400kV, (BIL 1425kV) – Mobile Substations Up To 60MVA, 245kV, (BIL 1050kV) – Complete XFMR Service</p>
 <p>Fibergrate Composite Structures AL, GA, MS, LA, TN, AR, KY, FL</p>	<p>Fibergrate Composites: www.fibergrate.com *All Non-Conductive FRP Material* Perimeter Security Fencing/Isolation Fencing – Utility Platforms (crossovers, breaker platforms, maint. stands) CIP Rated Trench Covers (unique interlocking design) – Slip Resistant Surfaces – No Rust – Low Maintenance/Lightweight – Long Lifespan</p>
